The purpose of this amendment is to restore the requirement in the East End Health Equity Amendment Act of 2018, effective March 28, 2019 (D.C. Law 22-273; 66 DCR 1581), that in order for the East End Hospital to receive a certificate of need exemption the Mayor must file with the Council an affiliation agreement between Howard University College of Medicine and one or more health care facilities. The goal of this amendment is to ensure support for educating minority physicians and that they continue to have opportunities in the Washington, D.C. metropolitan area.
